

Dear Friend of Corpus Christi School:

We are writing you today to ask for a donation to our 2009-10 school fundraising efforts. Support for education is one of the greatest contributions we can make – especially during this period of challenging economic times. Corpus Christi families greatly appreciate the generosity of local merchants and patronize the businesses that contribute to the school. We publicly acknowledge all donations and promote continued loyalty with local merchants.

Please consider making a donation to our fundraisers through:

- Merchandise
- Services
- Gift Certificates

We will gladly pick up the donations; or you can complete the enclosed donation request form and return it to the school. Donations will be part of our school raffle at our annual Walk-a-thon and silent auction at our Crab Feed. All contributions are tax deductible. Corpus Christi School is a 501c(3) organization. Tax ID # 94-1535363.

With the funds generated this year, we hope to expand our mobile computer capabilities for our students and teachers. In the past, we were able to enhance several aspects of the educational experience, including re-surfacing the gymnasium floor and providing resources for arts and music programs.

Thank you for considering donating to Corpus Christi School and making a significant impact in the lives of our young people.

Warm Regards,

Chris Trevino
