In an effort to make the most of our resources, the Crab Feed & Auction Committees have continued to make changes the Auction program:

- We've inserted our advertising Crab Pages into the center of this catalog, rather than providing them in a separate book.
- Instead of receiving paper gift certificates for parties and special offerings, winners will notice that contact and event information is printed directly on their invoices. Please retain your catalog in order to reference the fine print of the items you've won.
- Bidder Numbers will be posted in several areas of the school during Preview, Silent and Live Auction hours, rather than printed in the back of this catalog.
- When disposing of your catalog, please remember to recycle it with your paper waste...and plan to reduce, reuse and recycle tonight and all year long!

Dear Friends and Families of Corpus Christi School and Parish:

Welcome to the 47<sup>th</sup> Annual Crab Feed and Auction! Every year the Corpus Christi Community gathers to share in an evening of good food and drink, music and conversation, with the added

benefit of raising money to support the school and parish. The Crab Feed and Silent Auction Event is the largest fundraiser of the year and the funds raised support a host of school and church programs. Programs including art, technology, and teacher bonuses - as well as facility improvements such as stair rails and new church doors - have been made possible through the funds raised at this annual event.

The Crab Feed and Auction Event is made possible by the time and resources of many people. To all of the parishioners, parents, teachers, students, school and parish staff, we thank you for your generous gifts of time and talent. To the local businesses who have supported us this year and in years past, we extend our gratitude and will continue to show it through our patronage. This event would not be possible without so much local support.

Thank you for joining us tonight. We hope you have a memorable evening. Enjoy a relaxing meal among friends knowing that your generosity at the Auction tonight will help Corpus Christi School and Parish continue to nurture and challenge its students and provide spiritual growth to its members.

# Live Auction Protocol

- The live auction will begin at 9:00 pm.
- To bid on an item, raise your bidder number (on the back of your catalog) high in the air.
- All bids must be acknowledged by the auctioneer to be considered.
- All bids start at a minimum figure and will be raised in increments indicated by the auctioneer.
- If bidding is not commensurate with the item value, the auctioneer may reject all bids and withdraw the item from sale.
- Dream Team representatives will be stationed throughout the auditorium to help ensure your bid is registered.

## Endowment Pops!

The Endowment Pops! Program was conceived to address the concerns of many Crab Feed attendees who arrived ready to donate, but were 'shut out' when they failed to win silent and live auction bidding. The benefactor is the Fr. Oliveira Memorial Fund, our school endowment vehicle.

### Frequently Asked Questions

**Q:** What is an Endowment Pop?

**A:** It's a quick one-time contribution to the Corpus Christi Endowment fund made during the Crab Feed Live Auction. Endowment Pops! give a financial boost - a Pop! - to the long-term financial stability of our school.

**Q:** How does the program work?

**A:** At one point during the live auction, the auctioneer will invite guests to make Endowment Pops! as follows:

The auctioneer calls for bidders at the \$50 level. Interested donors fill out their donation cards, including their bidder number, for that amount and pass them to the end of the table (towards the kitchen).

The auctioneer then invites donors at the \$100 level and beyond to fill out their cards, including their bidder number, and pass them to the end of the table (towards the kitchen).

Please decide how much you want to contribute and fill out your card at that level:

You need **only bid ONCE**, at the level that's right for you. For example, if you wish to **contribute \$250**, you would bid for that amount and pass it to the end of your table (towards the kitchen).

A representative from the Men's club will be waiting at the end of each row of tables to collect the donation cards.

All donations are recorded and included on your statement at checkout, so if you bid more than once, your contributions will accumulate to a sum of all your bids.

**Q: What are Pop! Levels?**

**A:** Pops! Begin at \$50 and move up to \$100, \$250, \$500, \$750, \$1000, and beyond as desired.

### **15 Classic California Fly-Fishing Experience**

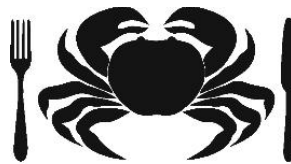

Come join us on a classic California fishing experience in the high mountain streams and rolling coastal surf of our golden state. Two lucky people will be guided onto the broad shoulders of the majestic Mt Shasta to fish some of the West's best blue ribbon trout streams. After conquering the rivers they will be introduced to the largest fishery in the world, the ocean. High above the valley floor is the town of Shasta, where you will stay at the Finlanda hotel to start the first phase of the trip. This will be our starting point to many of the state's best rivers. The Upper Sacramento offers close and easy access minutes away from your front door. The Pitt and McCloud rivers have the state's best freestone pocket water around. These rivers have multiple opportunities to drift a nymph through an emerald green slot or cast a dry fly to a rising trout in a gin clear pool. Once you have mastered the tumbling waters of the streams, we will take you for a day in Monterey Bay's sheltered cove for one of the oceans hidden treasures. Learn to fish the surf zone for Perch. This experience will place you in the surf and show you how to address the tides, swells, currents and waves that make up this calming but powerful environment. Perch are a prolific species that aggressively feed in the holes, rips and channels that make up our local beaches. These often over looked game fish are one of the state's most unique experiences. This adventure can be custom designed for either the novice or experienced angler. We can teach you the basic techniques of reading the water, selecting a pattern and presenting a fly, or we can improve your tight line nymphing and line control skills. Either way you will be pampered throughout the adventure. So come join us in discovering the ultimate fishing experience.

# Silent Auction Protocol

- **To bid on an item you need an assigned bidder number!** If you do not have a bidder number, please request one prior to the auction, during the Auction Preview or when you check in the evening of the event.
- To bid on a specific item, please enter your bidder number, family name, and bid amount on the appropriate bid sheet.
- Be sure to note what type of **bidding rule** is in place. For example:
  - **Highest bidder:** If you really want the item, your bid needs to be the highest one when the tables close.
  - **First 10 bidders:** This means you have to come early! The first ten bidders to sign up at the set price win! You need to plan on going to the pre-bid session to make sure you're one of the lucky winners!
  - **Six highest bidders win:** If your bid is one of the six highest bids when the tables close, you win! Bids can fall within a broad range, but the six highest will win!
  - **Party Maximum:** Pay close attention to the maximum allowed at each party, and whether you are asked to sign up per person or per couple/family on each bidder line.
- Please note that every item in the catalog includes the donor's name and item value.
- **Please respect minimum bid and raise amounts** printed on the bid sheets.
- To 'raise' an existing bid, enter your bidder number, name and bid amount on the next available line on the bid sheet.
- **Please be sure to write the correct bidder number and name down and print clearly.** Every year, we have several instances of winning bidder numbers that do not match the names written next to them.
- **Please observe table closing times.** The table closers will come around and draw a line through the bid sheet when bidding is closed on that item. Please stand back when the table closer reaches the bid sheet. When the bid sheet is "closed," no more bids are allowed on that item. **NO EXCEPTIONS!**
- Please do not remove bid sheets from the tables.

This is a one of kind piece made by our precious little ones. Each Kindergarten class will be decorating two cookie jars with the name of the child labeled on/near their artwork on the cookie jar. You'll be able to bid specifically on the cookie jar that has your child's artwork. It would be a great item to bring to parent parties (like the Mom's Christmas Ornament Exchange Party) filled with cookies to share. You'll forever remember your child's Kindergarten year and all of the classmates that made the year memorable.

## 203 Are You Smarter Than a First Grader?

Do you know why the earth is round? Why kids spill so much? What God looks like? How Santa can be so rotund yet still squeeze down the chimney (and not wake anyone up while doing it)? Our Corpus Christi first graders have the answers and have generously agreed to share them. This is a rare opportunity to own the first edition print of one of the greatest books of wisdom ever published. It is fully illustrated and includes an autograph and photo of each contributing author. Do not miss out!

Each member of the 3rd grade class created a biopoem and then drew an accompanying self-portrait in 4 segments that, when assembled, create a complete drawing of how each one views themselves. This photobook is a 12" x 12" hardcover memory book of our 3rd graders, their thoughts about themselves, their creativity and pictures of their time in 3rd grade. ## **207 Space and the Space Between**

In the first months of 2009, the fifth grade class has been exploring rich concepts; space and time, texture, substance, foreground and background, chemical compounds and atoms. They have created a beautiful piece of art that reflects their explorations - individually designing images that reflect "Space" or the "Space Between" flower petals, fingers, people, and conversations. Their images were transferred to linoleum blocks, cut, stamped and collaged into two beautiful art pieces that will no doubt inspire conversations in your home for years to come. Special images by Mr. McCarthy.

## **208 Fused Glass Serving Tray**

An incredible serving tray that any parent would be proud to show off for guests!! This beautiful, fused-glass serving tray consists of the creative talents of each 6th grade student (and the equally creative talent of Mrs. Stewart!). Students carefully and creatively decorated individual pieces of glass in striking winter colors. The glass pieces have been twice fired in a kiln, which fused the glass pieces together, creating one gorgeous piece! The firing is courtesy of Aran of Aran's Art Studio in Castro Valley, who kindly encouraged each artist's creativity. The result is a beautiful 16" x 16" fused-glass serving tray. Each student included their initials to give their work their own personal touch! A beautiful piece you can use to serve yummy dishes to friends and family all year long!
